STAIRS

Brief Introduction of Product

STAIRS INDUSTRIAL CO., LTD.

STAIRS PUMPS
SBI 10-10
STAIRS PUMPS
SB 3-17

STAIRS

Index 50/60Hz

Company Profile

- STAIRS Industrial Co. Ltd. is a leading pump manufacturer serving the fastest-growing segments of the global pump market. Stairs Industrial Co. Ltd. provides end-to-end pump manufacturing solutions, delivering unsurpassed quality of pumps and support to international pump manufacturers and distributors, serving the industrial, commercial, building HVAC&R (heating, ventilating, air conditioning and refrigeration) and electronic markets, as well as the residential water supply market.

- Since we began in 1981, STAIRS Industrial Co. Ltd. has adhered to a “customer centric” philosophy that puts the customer first and delivers what each defines as value. Today STAIRS Industrial Co. Ltd. provides complete end-to-end pump manufacturing services and pumps under private brandname to companies of all sizes, geographic locations and end markets.

Horizontal Multistage Centrifugal Pump	1
Immersible Pump	2
Borehole Pumps	3
In-line Circulator	5
Vertical Multistage Centrifugal In-line Pump	6
Grade A Hot Water Circulator Pump	7
Grade B Booster pump & Circulator Pump	8
4" Submersible Oil Filled Motor	9
4" & 6" Encapsulated-resin filled Motors	10
Pressure Tank	10
Submersible Drainage Pumps	11
Submersible Vortex Sewage Pumps	12
4" Submersible Pump KIT	13

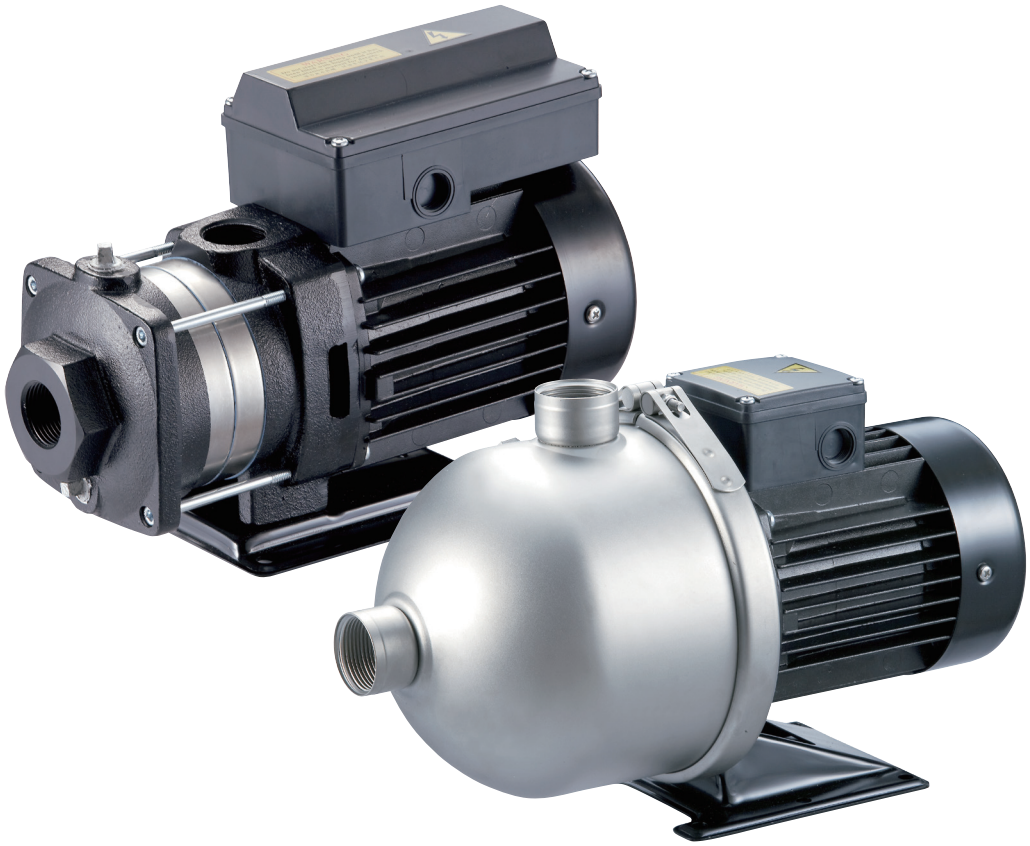

Horizontal Multistage Centrifugal Pump

CB / CBI / HBI / HBN series

50/60Hz

Applications

- Domestic
- Pressure boosting
- Air-conditioning systems
- Cooling systems or cooling machine
- Liquid transfer and circulation of liquids within light industry and farming

Immersible Pump

CBK / SBK / SLK series

50/60Hz

Applications

- Machine centers
- Grinding machines
- Spark machine tools
- Industrial washing machines
- Cooling units
- Filtering systems

SPC series

50/60Hz

Applications

The SPC coolant pump is co-axial pump / motor design to processing-material cooling device such as milling, drilling,cutting, grinding these widely machine tools, it is suitable to deliver coolant, light oil and all kind non-aggressive liquids.

Borehole Pumps
SP series

50Hz 60Hz

Applications

- Potable water supply
- Agricultural irrigation
- Pressure boosting
- Mining applications
- Groundwater lowering
- Drinking water

ST series

50Hz 60Hz

Applications

- Water supply
- Agricultural irrigation
- Pressure boosting
- Potable water supply
- Agricultural irrigation
- Drinking water

SPM series

50Hz 60Hz

Applications

- Automatic systems
- Irrigation systems.
- Rainwater harvesting system.
- Increasing pressure systems.

ST-P series

50/60Hz

Applications

- Automatic systems
- Irrigation systems.
- Rainwater harvesting system.
- Increasing pressure systems.

In-line Circulator Pumps

SLP series

60Hz

Applications

- Hot or chilled water circulating systems
- Refrigerating systems
- Domestic and potable water system
- Industrial Water services
- Circulation and supply of potable, domestic, sanitary, brackish water, and other clean aggressive liquids.

Vertical Multistage Centrifugal In-line Pump

SB/SBI/SBN series

Applications

- Light industry
- Water treatment
- Irrigation and agriculture
- Water supply and pressure boosting
- Heating , ventilation and air-conditioning

50Hz

60Hz

Grade A Hot Water Circulator Pump

AHW/AHWS series

50/60Hz

High energy-efficient variable speed circulator pump with 8 different modes selection.

- Ground source heat systems
- Boiler/Solar water heating systems
- Hot-water recirculation systems
- High temperature liquids recycle systems
- Water circulation for cooling air-conditioning systems
- Specifically designed for single and double-heating systems

Grade B Booster pump & Circulator Pump

HH/HW/HHS/HWS series

50/60Hz

Applications

- Ground source heat systems
- Boiler/Solar water heating systems
- Specifically designed for single and double-heating systems
- High temperature liquids recycle systems
- Hot-water recirculation systems
- Water circulation for cooling air-conditioning systems

4" Submersible Oil Filled Motor

4" Submersible oil filled Motor

- 2 WIRE
- 3 WIRE

50/60Hz

Applications

Stairs' rewindable 4" oil filled submersible motors are diesigned to operate dependably in 4" and larger boreholes.

The motor is 100% tested before shipment.

50/60Hz

4" Submersible oil filled Motor

Applications

Stairs' Encapsulated-resin filled motors is developed with market expectation to meet the robust construction and stringent requirement , which is for 4"& 6" or larger well.

The motor is 100% tested before shipment.

Pressure Tank

SPTB/SPTT/SPTN series

NSF

Non-NSF

Applications

- Water storage
- Water pressure
- Water trasferring
- Drinking water

Submersible Drainage Pumps

XD/SD/HM/X1 series

Applications

- Basement water removal
- Waste water drainage
- Water transfer
- Sump / effluent handling
- Dewatering
- Fish pond & fountain circulation
- Sewage handling
- Factory waste water handling

50Hz 60Hz 50Hz 60Hz 50Hz 60Hz 50Hz 60Hz

Submersible Vortex Sewage Pumps

XV/SV/SVN/SC/SA series

Applications

- Waste water drainage
- Water transfer
- Dewatering
- Sewage handling
- Factory waste water handling

50Hz 60Hz

50Hz 60Hz

50Hz 60Hz

4" Submersible Pump KIT

STK series

Applications

- Water supply
- Irrigation
- Pressure boosting

50Hz

STAIRS Industrial Co. Ltd. is a leading pump manufacturer
